

JOHN YUMBYA MUTUA

PO Box 45344 • Nairobi • Kenya

jyumbya@yahoo.com • jumbya.github.io • @jumbya

RESEARCH INTERESTS

GIS, remote sensing, spatial statistics, data visualization, reproducible research

EDUCATION

Master of Climate Change Adaptation	Continuing
University of Nairobi	Nairobi, Kenya
Mapping heat stress risk for dairy cattle under current and future climatic conditions in Uganda	
B.A., Geography	2009
Moi University	Eldoret, Kenya

PEER-REVIEWED PUBLICATIONS

Nijbroek, R., Piikki, K., Sderstrm, M., Kempen, B., Turner, K., Hengari, S., and **Mutua, J.** (2018). **Soil Organic Carbon Baselines for Land Degradation Neutrality: Map Accuracy and Cost Tradeoffs with Respect to Complexity in Otjozondjupa, Namibia.** *Sustainability* , 10(5), 1610.

Hamerlynck, O., Zeine, S. M., **Mutua, J.**, Mukhwana, L., and Y, M. (2016). **Reflooding the Faguibine floodplain system, northern Mali: potential benefits and challenges.** *African Journal of Aquatic Science* , 41(1), 109-117.

Yumbya, J., Vaate, M. B. De, Kiambi, D., Kebebew, F., and Rao, K. 2014. **Geographic Information Systems for assessment of climate change effects on teff in Ethiopia.** *African Crop Science Journal* , 22, 847 - 858

RESEARCH AND CONSULTING

International Centre for Tropical Agriculture, Nairobi, Kenya	2015-Present
<i>Geospatial Analyst</i>	
My work revolves around creating reproducible workflows for analyzing complex spatial data, with appropriate analytical methods, informed by my unique combination of skills, experience, and understanding of research themes - climate change, food security and agriculture.	
African Biodiversity Conservation and Innovations Centre, Nairobi, Kenya	October 2010-March 2015
<i>GIS Analyst</i>	
Designed and implemented models for mapping commodity suitability in East Africa and implemented training and capacity building programs in GIS and remote sensing.	
International Centre for Tropical Agriculture, Cali, Colombia	February 2012-June 2012
<i>Visiting Scientist</i>	
Developed an R algorithm for mapping and identifying priority rice wild relatives species for conservation.	
Institute of Research for Development, Tombouctou, Mali	April 2010-September 2010
<i>GIS/Remote Sensing Consultant</i>	
Spectral analysis of Multispectral Landsat 7 Enhanced Thematic Mapper Plus (ETM+) and aerial	

imagery; Created geospatial datasets for use in ecosystem services mapping projects in Kenya and Mali.

Value Addition and Cottage Industry Development in Africa, Nairobi, Kenya January 2010-September 2010

GIS Analyst

Maintained the organization's enterprise geodatabase and ensured constant updating; Performed GIS data cleaning; Developed and implemented geostatistical modeling and analysis.

Kenya Electricity Generating Company, Nairobi, Kenya September 2009-January 2010

Intern

Hydrological modeling and forecasting for hydroelectric power production; Maintained the organization's enterprise geodatabase and ensured constant updating.

Department of Resource Survey and Remote Sensing, Nairobi, Kenya June 2009-August 2009

Intern

Designed and produced high-resolution well-designed map layouts; Maintained the organization's enterprise geodatabase and ensured constant updating.

Kenya Meteorological Department Nairobi, Kenya June 2008-August 2008

Intern

Designed and implemented a spatial model for mapping daily rainfall distribution in Kenya; Modeled rainfall-runoff modeling using Galway Flow Forecasting System.

SHORT COURSES AND WORKSHOPS LED

R for developing LDN indicators June 2017
Faculty of Agriculture and Natural Resources, University of Namibia, *Windhoek, Namibia*

INVITED TALKS

Geospatial Innovation at CIAT: Today and a View into the future November 2017
Kenyatta University, GIS Day *Nairobi, Kenya*

CONFERENCE PRESENTATIONS

Bush encroachment mapping in Otjozondjupa region, Namibia August 2018
FOSS4G 2018 *Dar es salaam, Tanzania*

POSTER PRESENTATIONS

Mapping the suitability of tropical forages - now and in the future - September 2018
Tropentag *Ghent, Belgium*

CIAT Soil Carbon Sequestration Research November 2017
Soil Carbon Sequestration: Supporting NDCs and donor action *ZEF Center for Development Research, University of Bonn*

Development of a SOC Baseline: Experiences from Otjozondjupa, Namibia. March 2017
Global Symposium on Soil Organic Carbon *Rome, Italy*

Spatial Targeting of Agricultural Intensification Investments March 2017
Linking Household Surveys with Spatial Data Workshop *Arusha, Tanzania*

SKILLS

Software	Expert: ArcGIS Suite, QGIS, ERDAS Imagine suite, ENVI, Google Earth Engine
Languages	Expert: R, L ^A T _E X, HTML, Markdown, XLSForm, git Intermediate: Python, MATLAB, JavaScript
Social Media	Twitter: @JohnYumbya , 1,800+ tweets, 176+ followers Blog: maintainer, https://jyumbya.github.io/

MEMBERSHIPS IN PROFESSIONAL SOCIETIES

Geospatial Society of Kenya (GSK)	2017-present
Society for Conservation GIS (SCGIS)	2010-present
